REGISTER FEBRUARY 5

Seattle Parks and Recreation is pleased to offer several options to register for programs and activities.

We hope our registration options listed on this page will guide you to a choice that works best for you. While some of our Community Centers continue to operate on limited hours and with limited staff, we ask for your patience and understanding if we are not able to respond as quickly as you may expect.

Thank you for your continued support of Seattle Parks and Recreation.

FIRST CHOICE

Check out Seattle Parks and Recreation's new online registration software at http://bit.ly/spr_registration_account. Sign in or create an account if this is your first time registering for classes with the new software. Once you are logged in you can choose your programs and pay online.

SECOND CHOICE

Find your local recreation center at: seattle.gov/parks/centers.asp and stop by to register for programs and meet the staff. Take a peek at the recreation center and the program space. Staff welcomes face-to-face interaction! Please note hours of operation, as they vary across recreation centers.

THIRD CHOICE

Call your local recreation center during their hours of operation at the phone number listed at: seattle.gov/parks/centers.asp. All staff can assist you with registration during their operating hours listed on their home page linked from the above web address.

FOURTH CHOICE

Register by phone with our Business Service Center at 206-684-5177. The Business Service Center is open Monday through Friday between 8:30 a.m. and 6 p.m. Questions may be emailed to: ParksBSC@seattle.gov

ASSOCIATED RECREATION COUNCIL

For 44 years, the Associated Recreation Council (ARC) has provided recreation, lifelong learning programs and community-driven leadership in partnership with Seattle Parks and Recreation. With a goal of providing equitable access to citywide programs for Seattle residents of all ages, ARC works through 36 volunteer Advisory Councils to fulfill its mission of "building community through citizen engagement and participation in recreation and lifelong learning programs." ARC is a 501c3 nonprofit organization. For more information, go to www.arcseattle.org.

YOUR ADVISORY COUNCIL

Most classes, workshops, sports and swim programs, special events and facility rentals are funded through the local advisory council, rather than from City of Seattle budgets. Revenues generated through program fees offset program costs to make these activities self-sustaining. We also rely on participation, donations, and contributions to maintain and upgrade equipment. Advisory council members create scholarship opportunities through grant writing and other fundraising activities.

JOIN US!

Citizen direction and participation is essential to our success. Monthly meetings are held to talk about programs, policies, and financial issues. Our advisory councils always are looking for new members. If you would like to get involved, please contact the facility staff for further information.

DISCLAIMER NOTE: Although we strive to be accurate, this brochure is published for information purposes only. Changes may be necessary to the content depending on levels of participation or other factors, and fees may change after City Council action on the City budget each year. Please visit www.seattle.gov/parks for updated information.

FOOD

CAMP: COOKING

» AGES 7-13

Do you have kids who love pasta, but think it only comes in boxes or is too hard to make themselves? In this hands on class, Ms. Stacy from Cookie the Foodie will walk through the steps on how to make perfect dough every time. We'll practice measuring, mixing, rolling out the dough, and shaping it into different types of pasta. Each day we will enjoy our pasta creations (with a sauce) for lunch and then work on baking batches of my favorite cookies for afternoon snacks and perhaps take some home to share. We will talk about the science of baking cookies, what makes it chewy vs. crunchy, crispy vs cakey and make a variety of cookies including classic chocolate chip, cut-out shortbread sandwiches and ice-box cookies! Due the nature of the class, students will be working with flour, butter, eggs, and meat products, and so we cannot make substitutions or accommodate students with allergies to gluten, dairy or eggs. No prior cooking experience is required, just bring enthusiasm and an interest in learning.
